Meeting of 13th European Neuro-Ophthalmological Society

**10-13 September, 2017
Budapest, Hungary**

www.eunos2017.org

Welcome to Budapest

Dear Colleague,

It is my great pleasure to invite you to participate in the 13th European Neuro-Ophthalmological Society conference. The members of the organizing committee are very proud to be hosting the conference in Budapest, the capital city of Hungary.

Undoubtedly, Budapest is one of the most beautiful cities in the world, and is well known for its stunning views from the banks of the river Danube and its famous Széchenyi Chain Bridge.

The conference will be held at the Danubius Health Spa Resort Hélicia, which is located on the East bank of the Danube River, and within short distances are famous attractions, such as the Hungarian Parliament and the Heroes Square.

Our aim is to provide you with the latest information in the field of brain and vision science with a focus on pathophysiology and therapy, introduced by internationally renowned experts.

Beside the scientific program and exhibition, there will be a number of exciting social activities to make your stay in Budapest pleasurable and memorable.

We look forward to hosting you in Budapest on September 10, 2017.

Conference Chair,
Gabriella Szatmáry, MD, PhD
